BRIEF ABSTRACT OF LETTER.

With refce to para 4 of G·O no: 7495-6 R mad 6-13-56 of 3·2·14 proposes that two examinations be held for the promotion of Sub asst Surgeons — one for promotion from the 4th to the 3d class after 5 years' Service & the other for promotion from the 3d to the 2d class after 10 years' Service and states that Sub asst Surgeons recently promoted to 2d class will be objected to examn before they are promoted to the 1st class

NOTES AND ORDERS.

of the old Hospital Asstts. The late Senior Surgeon (Mr P. S. Achyuta Rao) was of opinion that- 2 exams may be prescribed for the promotion of Sub Asst Surgeons according to the revised Scale- one for promotion from the 3d to the Second and the other for promotion from the 2d to the 1st class. (Vide para 10 of the notes in Med file 6-12 Pts 12, 23 & 64 B. Feby/14).

This is reported to be the practice obtaining in Madras.

4 There is some force in the argument of Mr Achyuta Rao (para 10 of notes in Med file) that the examinations should come in the comparatively later stages of service, for it is only then that a man loses keenness for the acquisition of fresh knowledge and desire to keep himself up to date. It is therefore a matter for consideration whether

years until they reach a pay of Rs 600 An examination seems to be necessary before any one is promoted from the 4th to the 3rd class as it is the best time to test a man's practice in which he was deficient when he left College. At the two later stages an examination is necessary as otherwise the medical men referred to are likely to lose the interest in keeping their knowledge up to date which is essential for success in the medical profession. I consider either of the two proposals seems to be the best and an examination may be prescribed before promotion from any one class to the next higher class is sanctioned
